

The Brightest Star Concealer

Description:

Creamy concealer gives medium coverage and rejuvenates the eye area. It brightens the skin tone and diminishes dark circles, fine lines and signs of fatigue. The concealer contains a soft and completely water free formula, which is easy to apply and lasts all day long. Active ingredients help to fight signs of ageing and reduce fine wrinkles on the facial area.

Instructions:

Apply on the eye area when you want to fade skin defects and have a more radiant and even complexion. Ideal highlighter for facial areas, that need instant skin brightening.
